<< AR ST § 25–43–109 >>

25–43–109. Correction of technical errors related to transformation of state government.

(a)(1) The General Assembly finds that:

(A) The transformation of the structure of state government under the Transformation and Efficiencies Act of 2019 involves changes to thousands of sections of the Arkansas Code concerning state entities;

(B) Many of the changes required are highly technical and require careful study of the purpose and context of each Arkansas Code section, with the need for some of the changes not becoming apparent until the implementation of the transformation of state government under this chapter;

(C) With a project as large and comprehensive as the transformation of state government under this chapter, it is inevitable that certain sections of the Arkansas Code requiring technical changes to follow the intent of this chapter will be either omitted or amended in a manner that is later found to be erroneous and unintentional; and

(D) If the correct statutory change to remedy an unintentional error is readily apparent and consistent with the intent of this chapter, the unintentional error should be corrected as part of the codification process due to the technical nature of the unintentional error.

(2) It is the intent of the General Assembly to empower the Arkansas Code Revision Commission to correct technical errors identified in the Arkansas Code during the transformation of the structure of state government under this chapter to allow this chapter to be fully implemented.

(b)(1)(A) Any person or state entity identifying one (1) or more sections of the Arkansas Code that require revision to implement the intent of this chapter may notify the Director of the Bureau of Legislative Research or his or her designee of the section or sections at issue.

(B) If the Bureau of Legislative Research, while assisting the commission with the commission's powers and duties, becomes aware of one (1) or more sections of the Arkansas Code that require revision to implement the intent of this chapter for which it appears that the bureau and the commission do not have authority to make the necessary revision under § 1–2–303(d), the bureau may notify the commission of the section or sections at issue.

(2) If the commission determines that the revision necessary to one (1) or more sections of the Arkansas Code under subdivision (b)(1) of this section is technical in nature, germane to the intent of this chapter, and consistent with this chapter's policy and purposes, the commission may make the revision to the Arkansas Code.

(3) The commission shall notify the publisher of the Arkansas Code of a revision to the Arkansas Code under subdivision (b)(2) of this section as soon as possible so that the revision may be reflected in the official hard copy version of the Arkansas Code and official electronic version of the Arkansas Code.

(4)(A) Except as provided in subdivision (b)(4)(B) of this section, when the commission approves a revision to the Arkansas Code under subdivision (b)(2) of this section, the commission shall notify the following of the revision within thirty (30) days:

(i) The Speaker of the House of Representatives;

(ii) The President Pro Tempore of the Senate; and

(iii) The Legislative Council.

(B) The commission is not required to make a notification under subdivision (b)(4)(A) of this section if the revision is made under § 1–2–303(d).

(c) The authority granted to the commission under this section is supplemental to the commission's authority under § 1–2–303.

<< AR ST § 25-43-110 >>

25-43-110. Funds and personnel transferred.

(a) A fund or fund account name that due to the implementation of the Transformation and Efficiencies Act of 2019 has not been revised in an appropriation or in the Arkansas Code to the same fund or fund account name enacted by the Ninety-Second General Assembly, shall be payable from the appropriation enacted with the fund or fund account name as originally enacted by the Ninety-Second General Assembly.

(b) Unless otherwise provided by law, when all or part of a state entity is subject to a cabinet-level department transfer, the state entity's authorized classifications, employees, property, unexpended balances of appropriations, allocations, and funds are transferred to the cabinet-level department as authorized under this chapter.

(c)(1) A state entity appropriation transferred from a paying account or fund not established in a cabinet-level department, due to the implementation of the Transformation and Efficiencies Act of 2019, is payable and appropriated from a cash fund established in the State Treasury in the same amount and for the same purpose as that transferred state entity.

(2) At no time may funding or cash fund appropriation be established under subsection (c) of this section that is not authorized to be transferred or in a greater amount than is transferred.

(d)(1) Any classification title for a state entity that is subject to a cabinet-level department transfer under this chapter may be revised as determined appropriate by the Office of Personnel Management to reference the appropriate state entity.

(2) The authority under subsection (d) of this section does not allow for revisions to:

(A) A pay grade;

(B) A line item;

(C) The number of authorized classifications; or

(D) A job duty.

<< AR ST § 25-43-111 >>

25-43-111. State entity subject to Arkansas Constitution, Amendment 33.

(a) Notwithstanding any provision of the Transformation and Efficiencies Act of 2019, if a state entity subject to a cabinet-level department transfer under this chapter is subject to Arkansas Constitution, Amendment 33:

(1) The state entity subject to Arkansas Constitution, Amendment 33, and the institutions under its authority shall be considered to be affiliated with the cabinet-level department at issue; and

(2) The state entity subject to Arkansas Constitution, Amendment 33, shall perform all functions with respect to the management and control of the state entity and the institutions under its authority as contemplated by Arkansas Constitution, Amendment 33.

(b) The Transformation and Efficiencies Act of 2019 shall not abridge, diminish, or curtail, in any respect, the authority or responsibilities vested in a state entity that is subject to Arkansas Constitution, Amendment 33, and affiliated with a cabinet-level department under the Transformation and Efficiencies Act of 2019.

8–1–107. Inspections — Definitions — Investigations — Inspection warrant — Exceptions — Penalties.

(a) General. Whenever it shall be necessary for the purpose of implementing or monitoring the enforcement of any law charged to the authority of the Arkansas Department **Division** of Environmental Quality, any authorized employee or agent of the department **division** may enter upon any public or private property for the purpose of obtaining information or conducting investigations or inspections, subject to the following provisions.

(b) Definitions. As used in this section, the following terms shall have these ascribed meanings:

(1) “Administrative inspections” means investigation by department **division** personnel at facilities operating within the department's **division's** apparent regulatory jurisdiction;

(2) “Facility” means the public or private area, premises, curtilage, building, or conveyance described as the subject of administrative inspection;

(3) “Pervasively regulated facility or activity” means the activity or facility that is the location of activity authorized by the department **division** through a permit, license, certification, or operational status approval; and

(4)(A) “Probable cause” means showing that an administrative search limited in scope is necessary to ensure compliance with or enforcement of laws, regulations, or orders charged to the department **division** for implementation.

(B) For the purpose of conducting administrative inspections or applying for administrative warrants, probable cause may be provided to the department **division** through complaints or other means that reasonably justify a limited and controlled administrative inspection.

(c) Administrative Inspections.

(1)(A) Whenever the department **division** obtains information that supports reasonable cause to believe that a violation of any law within its regulatory authority is being or has been violated, or that unauthorized regulated conduct is occurring or has occurred, department **division** personnel or its agents may demand entry onto any property, public or private, to inspect any facility.

(B) The department's **division's** investigation or inspection shall be limited to that necessary to confirm or deny the cause which prompted the investigation or inspection, and shall be conducted during daylight, during regular business hours, or, under emergency or extraordinary circumstances, at a time necessary to observe the suspected violation or unauthorized conduct.

(C) Except under emergency circumstances, the department **division** shall inform such facility's owner or agent of all information which forms the basis of its probable cause at the time of the inspection.

(2) Nothing in this subsection shall be construed as requiring the department **division** to forfeit the element of surprise in its inspection efforts.

(3) Also, nothing in this section shall be construed as limiting the frequency of the periodic or random inspections of pervasively regulated facilities or activities.

(4) For the purpose of this section, a rebuttable presumption concerning the jurisdiction of the department's **division's** regulatory authority is established as it regards the department's **division's** authority to inspect any facility.

(d) Administrative Inspection Warrants. If consent to inspect is denied, the department **division** may obtain an administrative inspection warrant from a judicial officer. Issuance and execution of administrative inspection warrants shall be as follows:

(1) Any judicial officer otherwise authorized to issue search warrants within his or her jurisdiction may, upon proper oath or affirmation showing probable cause as defined by this section, issue warrants for the purpose of conducting administrative inspections authorized by any law or regulation administered by the ~~department~~ **division**;

(2) A warrant shall issue only upon an affidavit of a ~~department~~ **division** official, employee, or agent having knowledge of the facts alleged, sworn to before the judge or magistrate and establishing the grounds for issuing the warrant. If the judge or magistrate is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he or she shall issue a warrant identifying the facility to be inspected, and the purpose of the inspection. The warrant shall:

(A) State the grounds for its issuance and the name of each person whose affidavit has been taken in support thereof;

(B) Be directed to a ~~department~~ **division** officer or employee;

(C) Command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified;

(D) Specifically identify any documents or samples to be gathered during the inspection;

(E) Direct that it be served during normal business hours unless emergency or extraordinary circumstances compel otherwise; and

(F) Designate the judge or magistrate to whom it shall be returned;

(3) If appropriate, the warrant may authorize the review and copying of documents which may be relevant to the purpose of the inspection. If documents must be seized for the purpose of copying, the person serving the warrant shall prepare an inventory of documents taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or facility the documents were taken, if present, or in the presence of at least one (1) credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose facility the documents were taken. The seized documents shall be copied as soon as feasible under circumstances preserving their authenticity, then returned to the person from whom the documents were taken;

(4) The warrant may authorize the taking of samples of materials generated, stored, or treated at the facility, or of the water, air, or soils within the facility's control or that may have been affected by the facility's operations. The person executing the warrant shall prepare an inventory of all samples taken. In any inspection conducted pursuant to an administrative warrant in which such samples are taken, the ~~department~~ **division** shall make split samples available to the person whose facility is being inspected;

(5) A warrant issued pursuant to this section must be executed and returned within ten (10) days of its date unless, upon a showing of a need for additional time, the court orders otherwise. The return of the warrant shall be made promptly, accompanied by a written inventory of any documents or samples taken;

(6) The judge or magistrate who has issued a warrant shall attach thereto a copy of the return and all papers returnable in connection therewith and file them with the clerk of the circuit court for the judicial district in which the inspection was made;

(7) This subsection does not prevent the inspection without a warrant of books and records pursuant to an administrative subpoena issued in accordance with duly adopted administrative procedures; and

(8) A copy of the warrant and all supporting affidavits shall be provided to the person served, or left at the entry of the facility inspected.

(e) **Administrative Inspection Warrants — Exceptions.** Notwithstanding the previous subsection, an administrative warrant shall not be required for any inspection, including the review and copying of documents and taking of samples, under the following circumstances:

(1) For pervasively regulated facilities or activities as defined by this section whose permit, license, certification, or operational approval from the ~~department~~ **division** provides notice that the ~~department~~ **division** may inspect regulated activities to assure compliance. If the ~~department~~ **division** has reason to believe that a violation of any law has or is occurring, the basis for such belief shall be communicated at the time of the inspection;

(2) If the owner, operator, or agent in charge of the facility consents;

(3) In situations presenting imminent danger to public health and safety or the environment;

(4) In situations involving inspection of conveyances, if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(5) In any other exception or emergency circumstance when time or opportunity to apply for a warrant is lacking;

(6) In situations involving conditions that may be observed in an open field, from an area practically open to public access, or in plain view; or

(7) In all other situations in which a warrant is not constitutionally required.

(f) **Penalties.** Any willful and unjustified refusal of right of entry and inspection to ~~department~~ **division** personnel as set out in this section shall constitute a misdemeanor subject to a fine of up to twenty-five thousand dollars (\$25,000) or civil penalties up to twenty-five thousand dollars (\$25,000).
